## BUYING GUIDE

### 92 **Marita's Vineyard 2005 SOMA Limited Private Reserve Cabernet Sauvignon (Napa Valley); \$86.**

This is a young wine that needs cellaring to come around. Right now, it's tough in tannins, and the fruit is direct and primary. It really needs the alchemy of time for the wood, acids, tannins and flavors to come around. Give it three or four years for the black currants to marry with the cedar and become smoky-sweet. *Cellar Selection.*
